"The Ottawa Spotlight"

:::O:::

(By Wilfrid Eggleston)

Ottawa, February 23rd— Underlying the Quebec opposition to the modest increase in the defence estimates is the fear that it is the first step toward war. Toward participation in foreign conflict. Toward conscription. Quebec has not forgotten 1917; there is a profound disquiet over the turn events are taking, the more impetuous words of some Canadians resident that Canada is doing, so far, is to put our tiny defence machine into working order; and obtaining a few modern fighting planes which could dash here or there and make some resistance against an invader. But one has to remember that the French-Canadian members, like the English, speak to their constituents as well as for themselves. The fact that so many French Canadians, loyal Liberals on every other issue, should feel impelled to rise in the House and differ with the government, suggests that the apprehension in French-Canada, behind the scenes, is much keener than most of us realize.

All Shades of Opinion

The government has managed, so far, to give out a ring of complete sincerity, in its declaration that the additional $13,000,000 being voted is purely for the defence of Canada against warlike invaders; that not a cent is for any other purpose; that Canada has no commitments, either empire or foreign; that no expeditionary forces are contemplated. You can find, in the House of Commons, almost every shade of popular reaction to Canada's preparations. The C.C.F. group stands out boldly against it; a few of the Liberals privately feel that even in doing as much as it has, the party has sacrificed principle to expediency and political opportunism. There are many more— the great bulk of the Liberal party and some of the Conservatives— who feel that the action taken by the government represents the very least, within reason, that could be done under the circumstances; that as we hate war and love peace, we ought to have our eastern and western coasts equipped with a little modern fighting equipment. We are told that Canada's expenditure on armaments is about the lowest per capita in the world, with the possible exception of a couple of South American countries.

Handled Pretty Well

In view of the extreme delicacy of the issue, in view of the phobia against war services in Quebec and the pacifism and indifference in some other parts of Canada, it must be admitted that on the whole the Mackenzie King government has handled the matter well. Mackenzie King's own personal record on behalf of peace and good-will the world over is sufficiently notable that there is the minimum of suspicion of jingoistic manoeuvres. There is not a chauvinistic mind in the Cabinet. They are men of Peace, including the Minister of National Defence. Just the same, while the present delicate issue has been negotiated with a minimum of opposition or friction, it is not difficult to foresee what a storm could blow up in Quebec and on the prairies if it should seem to the government expedient, some time later, to vote more war estimates.

Almost No Break

Meantime, the party ranks stand almost without a break. It is true that the wording of the "want of confidence" motion was such as to confuse the issue slightly. If it had been a straight negative of the defence appropriations, it would probably have caught a few more supporters. A number of Liberals feel sufficiently strong about it to vote against the individual estimates themselves, when they come up; but not enough to support a vote which, if it carried, would throw the present government out and bring along a general election.

Relief is in sight for the financially embarrassed provinces in the West, with the hope of a long range adjustment of some matters that have been growing more unsatisfactory for a long time.

A royal commission is to examine the taxing powers of the provinces and their social obligations. At present there appears to be a serious disparity between them. The cure may be to enlarge their taxing powers; or perhaps to transfer some of their responsibilities. Some people are getting heartily sick of commissions; claim the country is over run with them. The present government hasn't lost faith in the inquiry of eminent and impartial authorities into the problems of the day.

Meantime there is every indication that cash grants, or increases of subsidies, or loans, are to be made to those provinces incapable of worrying along further without help. All it is complaining that there has been discrimination; Ottawa denies it.

MR AND MRS J. A. FRENCH GUESTS OF SCHOOL BOARD AND STAFF

The attractive home of Mr and Mrs Ian McKenzie was en fete Monday evening when the School Board and Staff entertained at a Farewell Party in compliment to Mr and Mrs J. A. French. As has been said before in these columns Mr French has been the energetic and interested friend of the Staff and the School for many years and the Staff together with the Board wished to show some tangible token of their appreciation. During the early evening Bridge was played at six tables, resulting in the following as prize winners, Ladies and Gents high, Mrs J. A. French, Mr T. E. Wright. Consolation, Mrs F. Young, Mr T. L. Chamberlain. Delicious refreshments were served from a T. shaped table prettily adorned with the School colors, Green and Gold. Seated at the head table were Mr and Mrs French, the new Chairman, Mr J. E. Wright and Mrs Wright and Principal Crowther. When all had freely partaken of the choice viands Mr Wright in aptly chosen phrases expressed the regret all feel at the departure of Mr and Mrs French and asked him to accept on behalf of the Staff and the Board a very fine leather Brief Case, also a beautifully illuminated address, the artistic work of W. S. Paterson. Mr Crowther on behalf of the staff presented to Mrs French a pretty cup and saucer.

Mr French in expressing the thanks of himself and Mrs French, reminisced over the work, disappointment joys and achievements of the past years. Life with its various vicissitudes flows ceaselessly on, and we its puppets are carried on, on its onward rushing waters. He expressed his regret at the turn in the tide, which necessitates his withdrawal from the Strathmore School Board, but he bespoke for Mr Wright his successor as Chairman, and for the new board the same happy associations and progressive endeavor which had prevailed in the past.

Auld Lang Syne was sung, and another milestone marked on Life's Highway.

:::O:::

COMING EVENTS

Look forward to the Amateur Night on Tuesday, March 2nd in Hirtes Theatre sponsored by the C. G. I. T. Anyone wanting to take part please give Gwen Gilbert your name before February 24th. Anyone may enter.

K. Roy McLean, Sight Specialist, 210 Southam Building, Calgary, will be in Strathmore Monday afternoon, March 1st, at the Rexall Drug Store.

Dramatic Evening Memorial Hall, Monday, March 15th, under auspices of Strathmore Dramatic Club. Three interesting One Act Plays. Keep in date clear, and come. See posters for full particulars, also next week's Standard. A full evening of entertainment worth twice the admission. All roads lead to Strathmore, Monday March 15th.

:::O:::

CURLERS GREETING FROM MR R. S. STOCKTON

Writing from his ranch at Thompson Falls, Montana, Mr R. S. Stockton sends the following greeting. "Since I was a charter member so to speak of the Curling Club, and have been honoured by them and have been a rather enthusiastic and confirmed curler, I wish to convey to them for myself and all absent and former members, our good wishes for the success of the Strathmore Club and our congratulations to those who are fortunate enough to enjoy the "Guid Auld Roarin' Game" in the present season.

Curling greatly helps to pass the cold winter season, promotes friendship, and in my opinion is a jolly healthy form of sport. May you all live long and prosper. I will be back to curl when I can arrange for it. Until then I will just dream of making wonderful shots."

M. D. BOW VALLEY HOLD INTERESTING ANNUAL MEETING

:::

With Reeve Groves in the Chair, the Secretary Leonard Van Tighem, a full attendance of councillors and about 30 interested ratepayers present, the annual meeting of M. D. of Bow Valley no. 219 was held Saturday last in the Memorial Hall.

Minutes of last year's annual meeting were read and approved.

Reeve Groves gave his annual report dealing in detail with the work of the Council.

The Financial Statement covering 1936 was then discussed clause by clause, and there was much interesting discussion on pertinent questions of vital interest. After reading the section dealing with the financial conduct of the Municipality George Jackson of Cheadle commented that it was well and economically managed. The question was asked by Mr Laycraft as to the method of remitting where there is no Bank, to which the secretary replied, these had to be sent in by mail necessitating much extra expense.

Reeping to a query by Mr Peterson as to the average cost per mile of road building the Secretary stated that taking in all costs except depreciation it amounted to about $100, which was considered reasonable. Some discussion pro and con followed by Messrs Skene and L. A. Phillips, the latter endorsing the council, to which discussion Reeve Groves said that Bow Valley has the reputation of having the best roads in the Province. A little humorous by-play brought up the prevailing snow drift condition.

The hail hazzard was considered to be biggest problem of the Municipality.

Replying to the question of collecting the premium in wheat at the elevator Councillor Cowell stated that this method was completely over-ruled by the Hail Board, his being the only vote in favor.

Mr Don MacKinnon of Carseland petition that is to be presented to the Turgeon Commission sitting in Calgary in March 1937.

Mr MacKinnon spoke to the report advocating very strongly the setting up of a Board in which the farmer could more forcefully urge his claim to a larger share of the price of wheat. The speaker repeated the contention that there are too many gaining a better living than the farmer in the between stages of the price paid the farmer and that of the ultimate consumer. He felt that the farmer is entitled to more of the profit that is in the wheat and for this reason he urged a Wheat Board with complete control of the product. Controlling the acreage was deemed impracticable if not impossible. Messrs Phillips and Petersen endorsed the Board idea. Petitions were on the table, which were signed by a majority of those present at the close of the meeting.

Reeve Groves read C. W. Petersen's report urging the farmers to be more aggressive in securing conditions which are their due.

In a query from Mr Laycraft reseed grain the Secretary stated there would be some, but the Government policy is not yet declared.

Mr Phillips referring to the surplus wheat, felt it was not over production when so many thousands of the world's population were going hungry, but the published statements of this supposed surplus which affected the price, drawing the comparison between this and the Caterpillar and other lines of business. For various reasons Mr Skene felt the Board would not be of general benefit.

Excessive freight rates were also mentioned as a heavy problem.

Nominations for Councillors for Divisions 4 and 6 were called for, and Messrs Fawkes and Cowell were returned by acclamation.

The motion to renew the contract with the Strathmore Standard was unanimously passed.

Mr Skene in eulogistic terms, complimented the Council on their faithful and efficient service to the Municipality, to which the Reeve gratefully replied, expressing the thanks of himself and the Councillors. A motion to adjourn was then carried.

Following is the Reeve's Report—

The Reeve's Report 1936

Mr Chairman, Ladies and Gentlemen

I am very pleased to have this opportunity of submitting to you a brief summary of the activities of the Council for the year 1936.

The Council during the past year consisted of Reeve H. Groves and Councillors J. Nelson, L. A. Phillips, Wm. Fawkes, J. Harwood and C. H. Cowell. L. A. Phillips was Deputy Reeve for the year 1936. The Officers of the Council for the past year were D. N. Gardiner and L. C. Van Tighem, Secretary-Treasurers. W. Herbert A. Thompson & Co. Auditors. A. Lausen and Fred C. Dalton, Weed Inspectors and Dr. J. W. Giffen, Medical Health Officer.

The Council and the district as a whole suffered a great loss in the resignation of Mr. D. N. Gardiner as Secretary-Treasurer at the beginning of April. Mr. Gardiner is one of the foremost among Municipal Secretaries and during his eleven years as Secretary-Treasurer of this Municipal District he did much to build up and improve the condition of the District by his efficient office work and general interest in all matters pertaining to the District. Mr. L. C. Van Tighem was appointed Secretary-Treasurer succeeding Mr. Gardiner.

The attendance at the regular meetings of the Council was exceptionally good as only one absentee is reported and that was due to a matter over which the Councillor had no control. Twelve regular meetings of the Council were held during the year 1936.

Public Health during the past year was only fair as there were epidemics of measles and mumps and toward the close of the year there were several cases of scarlet fever. No ill effects from any of these diseases were reported to the Council but I would like to take this opportunity of stressing the desirability of reporting cases of suspected cases of any communicable disease to the Medical Health Officer as soon as possible and if quarantine is imposed of adhering strictly to it in order that diseases may be kept as isolated as possible.

The general position of the Schools has been improved slightly during the past year as all the 1936 requisitions were paid in full and there is a balance on hand which will partially pay the 4th Installment due. The co-operation of the various School Boards is greatly appreciated and with a continuation of this co-operation it may be possible to clean up some part of the requisitions in arrears.

Two Weed Inspectors were again employed by the Council for a period of 6 weeks each. A number of bad cases of Sow Thistle and Hoary Cress have been reported and as these weeds are a serious menace to all farmers, attention to their eradication is very necessary.

Grasshoppers were a serious menace to the young crops and two Stations were in operation, one at Strathmore and one at Carseland. The bait was supplied free to all farmers and where the instruction sin connection with spreading the bait were carried out good results were obtained. Undoubtedly a great deal of bait was wasted due to being put out at inopportune times and the Council while not averse to supplying the bait as long as it is necessary would like to see the amount of waste to a minimum.

Gopher poison was again supplied to residents of the district at a reduced rate through an arrangement with Mr A. Lambert and as the results along these lines have been satisfactory the Council have arranged to continue with this policy.

The Road building programme was much the same as in previous years. The Council is endeavoring to supply everyone with a high grade road and in order to maintain these roads satisfactorily a Planer was purchased. Due to the extremely dry weather last year the Planer was not used a great deal but as it is now on hand greater use is expected this Spring.

The Mill rate for 1936 was the same as in 1935 namely 5 1-2 Mills. This enabled the Council to pay its way during 1936 and leave a small balance to start 1937. This showing is very good in face of the drouth which covered the whole district and the Hail which ran through the Central portion of the District.

The Hail storm struck the Namaka District and added to the difficulties being encountered by the residents of that portion of the district, as unfortunately no insurance was carried there. The other portions were more or less covered by Hail Insurance and the results were not so disastrous, however, no action to alleviate the sufferings arising from Hail have yet been taken though much time was spent in trying to get a system of Hail insurance obtainable by all.

Seed relief was furnished to a number of residents and with two exceptions has all been repaid, the two exceptions were in the hailed area. The Council has made every effort possible to get feed and seed relief for any in need.

The financial statement and Auditor's Statement have been mailed out and if there are any points that you feel require an explanation you are requested to bring them to our attention.

The Strathmore Standard was supplied to the residents of the District as in former years and as there have been no complaints we have taken this to mean that the arrangements in this matter are satisfactory.

I wish to thank the Ratepayers and Council for their help and co-operation during the past year and I trust we may have a continuation of it during the current year.

H. GROVES, Reeve.

Local News Items

The Ladies Aid of United Church will meet Wednesday, March 3rd at the home of Mrs Nels White.

:::——:::

Mr Lyle Campbell was present at the Banquet of the Cockshutt Plow Co. Salesmen at the Palliser Tuesday evening. Ernie Wright was also present at the Banquet.

:::——:::

The number present at the evening held under the auspices of the local members of the A. T. A. in accord with Educational Week was very gratifying, and all were keenly interested in the addresses given. A more complete report will be given in next week's Standard.

NAMAKA

Mrs Ike Fawkes accompanied by her two daughters Mary and Dorothy returned from Winnipeg Thursday where they spent two months. Mrs Fawkes visited relatives while Dorothy was under madical treatment. We hope to see Dorothy around soon.

Mr Leonard Aitkens met with a painful accident while on the mail route Friday. His horses became frightened causing the sleigh to run over his right leg breaking two bones. He was removed to the Holy Cross Hospital. His many friends are wishing him a speedy recovery. Miss Thomson returned Sunday to resume her school duties.

Miss Grace Anderson returned Sunday after spending several weeks at the home of her grandmother Mrs Anderson of Strathmore.

Owing to bad roads and flu epidemic no Y. P. S. meetings or Ladies Aid meetings have been held for several weeks. Watch for announcement.

The Namaka Curlers are again on Pob, hoping for better luck this time.

The Namaka Juniors hockey team visited Cheadle Sunday. A very enthusiastic game was played resulting in a score of 7-3 in favor of Cheadle.

DALEMEAD

Mr and Mrs C. L. Coonfer have returned from their lengthy visit to various parts of the States. They still think Alberta isn't so bad after all.

The roads in the district are very good, (where they cross them). There isn't a farmer that will be able to say in the spring, "Well my car has never been in anybody's field to ruin it."

The High School pupils from Indus have been staying in Dalemead but hope soon to be able to remain at home and drive to school as they did before.

The people of this district cannot help but pat themselves on their back at their fortunate escape from the flu.

The skating rink has been the only source of amusement for over a month Many young people take advantage of it on Sundays.

Mr and Mrs Wm. Paulson are the proud parents of a baby girl born on February 14th.

Mr Jack Dixon is spending the week end with friends in Calgary.

DEATH OF SENATOR BURNS

Senator P. Burns was a worthy pioneer. He played a vital part in the building of the Province, and many have been helped by his generosity.

THE WORLD OF WHEAT

:::

By H. G. L. Strange
Director, Research Department, Searle Grain Company, Ltd.

:::O:::

An international economic battle for wheat markets will some day perhaps seem—take place.

The contestants will undoubtedly be Canada, the Argentine, Russia, the Danubian countries and Australia. Which exporting country will be able to increase its wheat acreage? Which will be forced to decrease acreage? And which will be able to hold the acreage they now have?

The country that can produce the highest quality at the lowest cost will win; others will lose.

The harsh truth is that it is much more necessary for Canada to keep her present acreage in wheat than it is for any of the other countries. The Argentine has corn, flaxseed and cattle as substitutes. Australia has mutton and wool. The Danubian countries have corn, pork and tobacco. Russia has a large population needing more foodstuffs. Canada alone has no substitute product for export which she can grow on any substantial part of her twenty four million acres now in wheat.

Western Canada, therefore, somehow, must improve the quality of her wheat, and bring down the cost of production. Can she do this? Yes- I for one believe she can provided the Dominion Government will assist the West, even more than it is now doing along sound, constructive lines.

Following factors have tended to raise price— German food scarcity becomes more evident as purchases made of Czecho-Slovakian, Indian and Australian wheat, also Argentine wheat and corn— Further large quantities of wheat probably needed— Further dust storms with little precipitation in U. S. southwest— West coast Mexican vegetables damaged by frost.

Following factors have tended to lower price— Further heavy general rains benefit Indian wheat and linseed —On passage wheat stocks increase— Officially decided not to raise guaranteed price of wheat in France— Pear and apple production in Argentina increasing— Irish Free State increases home-grown wheat required in milling.

THREE OF STRATHMORE'S CITIZENS ARE VICTIMS OF UNFORTUNATE ACCIDENT

Icy roads causing a driver to lose control of his car, which thereby collided with one in which Mr F. Archibald and Mr and Mrs Jos. French were riding, resulted in an accident in which all three passengers were badly bruised and cut more or less, causing considerable pain, and strain from shock, but which their friends are all very thankful was not worse, as it might easily have had very serious results, The accident happened Thursday last about 7 miles east of Calgary, just opposite the "Just a Mere Farm Home" where the injured were cared for, until medical aid from Calgary arrived. Mr Fessenden was phoned for, to bring the injured folk to their homes, where Dr Giffen gave further attention. All are now fairly well on the way to recovery. No blame is attached in any way, the case being considered purely accidental on account of the icy conditions of roads.

Where you have come from tells in the long sound,
Swelling and thinning by my windows here
Dark, heaven-cutting rocks, and snow sunk ground
Gave you the bitterness; and the blind fear
Came as you crossed the open winter plains
With that unearthly, desolating cry!
And now you shake and beat my window panes,
Shouting down alleys here, and melting by
Like some distraught and dis embodied woe!
Until I heard your voice under the night
How would I gauge my comfort, and quite know
How warm this shelter, and how fair this light,
(Steady under the wild sky's yeasty gloom)—
How sweet the safety of this little room!
("To a January Wind from the Rockies"— by Katherine Shepard Hayden).

::—:—::

When Leonardo da Vinci completed his painting on the wall of the old monastery, he called the monks to view it. They fell to discussing the beautiful colorings of the tablecloth. Impulsively the great artist took his brush and in their presence dashed it across the tablecloth. Turning to the monks, he said in substance. "I brought you to look upon the face of the Master and you see only the cloth which I had painted upon the table"

I sometimes wonder if in our profession we do not need a da Vinci to dash his brush across some of the "educational tablecloths" and help us to see more clearly the child.

Organizations, techniques, methods, buildings, equipment— all these and many more are essential to educational progress and we must devote our thought and energy to their study and use. They are the tools, the implements— for promoting educational progress. All of these implements must fit into their place in the picture but with the CHILD always as the center of the picture.

(J. W. Studebaker.)

WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the Morning Rarin' to go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food don't digest. It just decays in the bowels. Gas blows up your stomach. You get constipated. Harmful poisons go into the blood, and you feel sour, sunk and the world looks punk.

A mere bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get those two pounds of bile flowing freely and make you feel "up and up." Gentle and gentle, they help Nature in the best way. They do the work of calomel but have no calomel harshness to them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 25c.

CHEADLE

Mr and Mrs Stanley Craig have returned to live in this district. They have taken up residence one mile west of Cheadle.

::—::

Mr C. H. Cowell was returned by acclamation, as Councillor for Division 6, at the annual Electors and Ratepayers meeting held last Saturday in Strathmore.

::—::—::

On Tuesday the Juniors played hockey in Langdon and were defeated by a scocre of 8-2. On Sunday last they defeated Namaka 8-3.

::—::—::

Some of our young people showed a remarkable ability for writing verses when the occasion demands.

::—::—::

Mr C. A. Craig entertained delightfully at one table of bridge Friday last. After the bridge a few friends dropped in for lunch, for which covers were laid for seven. A sumptuous repast was partaken of after which all were loath to leave.

SERVICES MADE POSSIBLE

Because a Province-Wide System Serves You!

EVEN the smallest village connected with this province-wide power system has electrical energy available every moment of the day and night.

Surplus water power capacity interconnected with steam plants and a network of power lines, all of which are operated and maintained at a high standard of efficiency, make electrical energy available instantly and economically.

The operation of the Company's system requires a skilled technical staff, and in addition, local managers who are located at many points throughout the Province. Facilities are thereby available through which the Company provides consumers of electricity with the best solutions of their electrical problems, and acquaints them with the latest developments in equipment and appliances. This service enables our customers to obtain from the electricity used the best results at the least cost.

HARD WINTER DEVELOPS STAMINA

Trying experiences have been the lot of those who have the welfare of stock on their hands, and to those who carry on the services to which the public has grown accustomed, says the High River Times, which hardships will not be recorded on history's pages.

Nevertheless the rigors of such a winter develops a stamina in our youth and an iron strain and gives ample expression for a hardy race. Despite the cold, it has been the flu not the cold that has lessened school attendance. It is rarely that one hears the complaint that it is "too cold" to go skiing, skating, sleigh-riding or to play hockey. They ask no quarter from nature, meet her on her own terms and extract a world of enjoyment, and good health from the outdoor exercise available. Winter sports have become a fashionable pursuit, and rich people spend freely and travel far to dip into the sports which are the natural heritage of young Canadians. Winter's rigors are not altogether to tthe liking of older folk, but they develop a sturdy, energetic physique which should continue as a lifetime asset for the Alberta born.

—:O:—

THE PEOPLE'S LEAGUE TO HOLD MEETING MARCH 4th AND 5th IN PALLISER HOTEL

—:O:—

Definite policy and future program of the organization is expected to emanate from the first meeting of the 40 members comprising the Temporary Provincial Executive of the People's League of Alberta.

Notices stating the meeting will be held at the Palliser Hotel, Calgary, March 4 and 5 were mailed to executive members and officers of the League's many branches during the week end.

Though it has been and still remains definitely non-partisan and non political, the executive meeting next month is expected to provide the first steps, subsequent to preliminary organization, of a movement concentrated primarily on promotion of sound, business government.

First business of the executive body will be to consider matters of policy resulting from recommendations of committees working for some months in both the northern and southern sections of the Province.

Once the policy and tentative program is decided, constituency associations will be asked to fully consider the recommendations adopted, prior to calling a general provincial convention representative of the entire membership, later in the year.

"I have confidence that there are enough men and women in Alberta who are big enough to forget partizan politics and close their ranks to fight a common foe."

"The People's League" invites all honest men and women who desire to preserve our cultural heritage to stand shoulder to shoulder, side by side on common ground and fight its enemies.

Such were some of the observations by Dr J. S. McEachern, veteran southern Alberta surgeon and physician and a prominent member of the Calgary Branch of the People's League of Alberta.

—:O:—

HOCKEY NOTES

Locals drop game to Garbutts but advance in playoffs (Black Cup) against Gleichen Gunners.

Saturday night in a scheduled play off game in the local arena the Redwings went down to the tune of 7-4 to Garbutts Sextet. However the Calgary Club was a pick up affair and consequently the round, was automatically given to the locals.

Lineups— Garbutts, Houston, Wilbur, Smith, McDonald, Gilkes, Torry, O'Brien, Greene, Kirkwood, Morrison.

Red Wings— Cleeve, C. Giroux, Van Tighem, A. Malmburg, Downey, W. Giroux, Collison, D. Malmburg, G. Giroux, Crellin.

Goal Summary— First— 1, Gilkes, Torry, 13.10, 2, W. Giroux, Downey 13.10, 3, Torry, O'Brien, 16.50, Pens. Morrison, Greene D. Malmburg, Downey.

Second period— 4, Greene, Morrison, 5.40, 5 A. Malmburg, G. Giroux, 8.20, 6, Kirkwood, Morrison, 13.20; 7 Gilkes, Torry 15.15, 8, G. Giroux, C. Giroux, 15.20. Pens, Greene, O'Brien, D. Malmburg, Wilbur, Gilkes.

Third period— 9, Van Tighem, C. Giroux, 5.54, 10, Torry, Gilkes, 10.05, 11, O'Brien, Torry, 1.04. Pens. Downey Morrison, Wilbur, Collisan.

Referee— E. F. Cameron.

Red Wings defeat Gunners 2-1

In the third round of the Black Cup playoffs the local Redwings took a 2-1 decision over the Gunners at Gleichen giving them a one goal advantage to start final and deciding game here on Wednesday. The ice in the Gleichen arena was in excellent condition and the locals maintained a decided edge throughout the game.

Gleichen Lineup— Wilson, Marquardt, T. Brown, C. Lester, Maynard, D. Brown, Gibson, Taylor, W. Lester.

The Summary— First Period— 1, C. Giroux, Collison, 5, Pens. Gibson.

Second Period— No score, Pens. Downey, Ridley, W. Giroux.

Third Period— 2, Collison, Van Tighem, 8, 3, Gibson, C. Brown, 15.00 Pens. Van Tighem, Gibson, Maynard.

Referee— Jimmy Anderson, Calg.

FORD TRUCKS IN MILITARY CONVOY

As a consequence of the recent Arab strikes in Palestine, private travel on the highways and on the railroads has been extremely hazardous, as the Arabs lie in wait to blow up or derail private cars and trains.

So risky became private travel that military convoys were necessary. This resulted in the Palestine R. R. Co. buying several 131 inch wheelbase Ford V-8 trucks which were fitted with flanged wheels and protective armor plate, and were run in advance of the train as scout and pilot cars.

Ford trucks have been converted into railway pilots; they have been coupled end to end, thus they can run either way. These carry machine guns and a number of armed men.

fish is a *health food*

HEALTH . . . yes . . . because Canadian Fish and Shellfish are rich in proteins, vitamins, minerals and iodine. But health is not all. There is tastiness . . . the varied flavour of over sixty different kinds of fish foods. There is economy . . . the sound thrift of a food that gives you full value in healthful nourishment for every cent you spend.

Make "Any Day a Fish Day". Whether fresh water fish or seafood . . . fresh, frozen, canned, smoked, pickled or dried . . . you can be confident of the prime quality and flavour that have made Canadian fish famous throughout the world.

DEPARTMENT of FISHERIES
OTTAWA

Try This Appetising Recipe
BAKED CREAM SALMON
1 15-lb. can Canadian salmon
1 pint milk
Salt and pepper
2 tbsps. butter
2 tbsps. flour
Grated onion
Free the salmon from bones and separate into bits. Cook the flour and butter together without browning, and add one pint of milk, salt and pepper and enough grated onion to flavour delicately. Place a layer of sauce in a baking dish, then a layer of fish and so on, having sauce on top. Bake to a golden brown and serve very hot.

SARDINES LYONNAISE
Chop together cold boiled potatoes, one small onion, the contents of one tin of Canadian sardines (drained); fry with butter or beef fat until browned and serve with parsley.

HOCKEY

The Red Wings put up a brave fight Wednesday night and kept the Gunners on their best meial throughout, the victors gaining by only point. Was the referee fair in his decisions. Some say no.
